CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

Our college respects the effective delivery of curriculum as the most vital aspect. The college tracks the curriculum prescribed by GNDU, the affiliated university through its board of studies. In the starting of each session, the Principal of college addresses the new students and acquaints them with vision and mission of the college, curriculum delivery, policies and processes of institution, different scholarships available and how to avail benefits of these scholarships. At the beginning of every year the college chalks out an academic calendar. The heads of various departments conduct academic meetings to plan and organize the schedule of lectures and distribute the syllabus among the faculty members. Text books and reference books are also recommended to the students. Notes are provided to students as per their need. If for any reason any faculty member fails to finish the syllabus

within the stipulated time, the lecturer is asked to arrange extra lectures of that subject. For the effective implementation of curriculum, the various teaching methods like power point presentations, laboratory techniques, assignments and seminars are planned. Class tests and mid semester tests are taken before final examination. The answer sheets of mid-term tests are shown to the students. Remedial classes are taken for weak students and extra classes for advance learners. Our institution collects feedback on curriculum aspects from students and parents and does required modifications after analyzing the feedback.
