Policy Document Of Shanti Devi Arya Mahila College, Dinanagar For Environment Protection And Energy Usage

The Institutional Policy for Environment Protection & Energy Usage

The Institute is committed to sustainable development in all its endeavors. Within its ambit, it envisages to streamline ways of energy conservation and utilization through socially responsible ways.

Policy statement:

- The main objective behind the Environment and Energy usage policy of the college is to manage energy in such a systematic way so as to minimize its impact on the environment. This Environment and Energy policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution.
- It strives to explore the renewable energy resources and to find out substitute natural resources as solution to the energy crisis. This will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage.

Objectives of the Policy Document:

1. To develop awareness about environmental issues.
2. To understand ones responsibility towards energy conservation.
3. To implement responsible procedures for waste management.
4. To reduce waste production on campus for all activities and programmes.
5. To initiate water management and conservation practices.

B. Taking up awareness, initiatives and environment -centric activities.

- The college through its academic subject, environmental education is devoted to the cause of environmental awareness, to undertake green initiatives, and to conduct green literacy programs to save energy and to protect the environment.
- Students take up various awareness raising activities and programs in NSS and NCC activities.
- To offer opportunities for employees and students to engage in initiatives those contribute to environmental protection.

Conclusion

The above strategies and procedures of implementation of the policy, are subject to change in view of need and demands of the time. This policy will be communicated to all the students, staff and employees of the college. All the stakeholders are required to abide by the policy to make a college campus, green, clean and eco-friendly.
